Incompatibility table 2025-26

Last updated: 31/03/2025

Key:	
	Incompatible due to timetable clashes
	These Major and Minor modules are identical. Cannot be taken together
PARENT	Optional e.g. seminars, workshops. Please look into further details
CHILD	Timetable unknown at this stage

Major Subjects	Module	FILTERING	104	105	107	108	109	111	113	114	120	121	124	126	127	129	132	134	135	137	138	142	143	144	145	146	147	148	149	151	152	153	154
			Minor Subjects																														
Human Evolution, Ecology and Behaviour	B2	BioAnth B2																															
	B3	BioAnth B3																															
	B4	BioAnth B4																															
	B11	BioAnth B11																															
	B12	BioAnth B12																															
	B13	BioAnth B13																															
	B15	BioAnth B15																															
	B16	BioAnth B16																															
	B17	BioAnth B17																															
Biochemistry		Biochemistry																															
Genetics	Compulsory Module	Genetics Compulsory Module																															
	M1	Genetics M1																															
	M2	Genetics M2																															
	M3	Genetics M3																															
	M4	Genetics M4																															
	M5	Genetics M5																															
History and Philosophy of Science and Medicine		HPS																															
Pathology	A (MT) Genomics of Disease	Path A (MT) Genomics of Disease																															
	B (MT) Epidemiology	Path B (MT) Epidemiology																															
	C (MT) Host-Pathogen Interactions	Path C (MT) Host-Pathogen Interactions																															
	D (MT) Immunology I	Path D (MT) Immunology I																															
	E (LT) Cancer Biology	Path E (LT) Cancer Biology																															
	F (LT) Infectious Disease	Path F (LT) Infectious Disease																															
	G (LT) Virology	Path G (LT) Virology																															
	H (LT) Immunology II	Path H (LT) Immunology II																															
Pharmacology		Pharmacology																															
Physiology, Development and Neuroscience	N1	PDN N1																															
	N2	PDN N2																															
	N3	PDN N3																															
	P1N4	PDN P1N4																															
	P3	PDN P3																															
	P4	PDN P4																															
	P9	PDN P9																															
	N6	PDN N6																															
	N9	PDN N9																															
	P2	PDN P2																															
	P5	PDN P5																															
	P6	PDN P6																															
	P7	PDN P7																															
	P8	PDN P8																															
Plant Sciences	PLM1	Plant Sciences PLM1																															
	PLM2	Plant Sciences PLM2																															
	PLM3	Plant Sciences PLM3																															
	ZM2	Plant Sciences ZM2																															
	PLL1	Plant Sciences PLL1																															
	PLL2	Plant Sciences PLL2																															
	PLL3	Plant Sciences PLL3																															
	ZL3	Plant Sciences ZL3																															
	ZL4	Plant Sciences ZL4																															
	ZL5	Plant Sciences ZL5																															
Psychology Option A	2A	Psychology 2A																															
	2B	Psychology 2B																															
	2C	Psychology 2C																															
	2D	Psychology 2D																															
	2E	Psychology 2E																															
	2F	Psychology 2F																															
	2G	Psychology 2G																															
	2H	Psychology 2H																															
	2I	Psychology 2I																															
	3A	Psychology 3A																															
	3B	Psychology 3B																															
	3C	Psychology 3C																															
	3D	Psychology 3D																															
	3E	Psychology 3E																															
	3F	Psychology 3F																															
	Paper 1	Psychology Paper 1																															
	Part IB	Psychology A - Part IB																															
	PBS6 A	Psychology PBS6 A																															
	PBS6 B	Psychology PBS6 B																															
	PBS6 C	Psychology PBS6 C																															
	PBS6 D	Psychology PBS6 D																															
	PBS7 A	Psychology PBS7 A																															
	PBS7 B	Psychology PBS7 B																															
	PBS7 C	Psychology PBS7 C																															
	PBS7 D	Psychology PBS7 D																															
	PBS8	Psychology PBS8																															
Psychology Option B	1 - Paper 1	Psychology B - 1 - Paper 1																															
	1 - Part IB	Psychology B - 1 Part IB																															
	PS2 (Psychology)	Psychology B - PS2																															
	PS3 (Psychology)	Psychology B - PS3																															
	N3 (Shared Neuroscience - PDN)	Shared Neuroscience N3 (Shared Neuroscience - PDN)																															
	N6 (Shared Neurscience - PDN)	Shared Neuroscience N6 (Shared Neurscience - PDN)																															
	ZM5 (Shared Neuroscience - Zoology)	Shared Neuroscience ZM5 (Shared Neuroscience - Zoology)																															
	ZL3 (Shared Neuroscience - Zoology)	Shared Neuroscience ZL3 (Shared Neuroscience - Zoology)																															
Zoology	ZM1	Zoo ZM1																															
	ZM2	Zoo ZM2																															
	ZM5	Zoo ZM5																															
	ZM6	Zoo ZM6																															
	ZM7	Zoo ZM7																															
	ZM9	Zoo ZM9																															
	ZM10	Zoo ZM10
